

## **Face Masks Required**

At the May 11, 2020 Board of Trustees monthly meeting, it was moved and passed to require the use of face masks while visiting or working in the Charter Township of Portage Offices.

This requirement is part of the Township's COVID -19 Plan to eventually reopen the Township Offices.

This Board action supports the Governor's Executive Order number 2020 – 59 issued on April 24, 2020 that requires the public to wear a homemade mask, if a person can medically tolerate it, in all enclosed public spaces. Your adherence to this Board action will be greatly appreciated.
